

*Recovery is a reality!*

MAINE ALLIANCE FOR  
ADDICTION RECOVERY

## **Help to promote recovery by supporting community-based recovery events and activities!**

All of the donations and membership dues received by MAAR go directly to fund Recovery Leadership Institute trainings, Recovery Month events, educational forums and recovery advocacy activities. We provide these free to anyone who would like to participate with the intention of strengthening recovery capital in our communities.

Some of our so-sponsored educational sessions also offer CEU's for professionals, which necessitate that we charge a fee to cover our costs.

Please make donations to the Maine Behavioral Health Foundation, our 501(c)3 sister organization that helps with MAAR fund-raising. Your contributions are tax deductible and greatly appreciated in helping us to support recovery in Maine communities!
